

# Title Here

## Abstract

Abstract Text

## Introduction

Literature review? I should probably motivate the paper here.

There are two key aspects that need to be considered. The previous papers and the methodological criticism.

Then, I might want to explain

## Data

How I constructed the sample.

Summary Statistics

## Empirical strategy

I think I can use typst math rather than latex one.

$$A = \pi r^2$$

## Results

## Conclusion
